ABOUT US

Axen is an apparel manufacturing and exporting company. Our production takes place in Pakistan while our office is based in Germany. We are contemporary. We are dynamic and we guarantee to bring the same brilliance to your business. Our youthfulness fosters new ideas. Our persistence gets work done.

In 2017, after supplying various apparel products to the local market for 3 years, we made the strategic move to focus solely on the lucrative and far more challenging export market. We began with basic items like T shirts but now have gone on to add Streetwear, Casualwear & Promotional Apparel into our dynamic production range. And who is to say what the future holds?

In 2019, we established an office in Germany. This allows us to meet our clients regularly and provide an unparalleled service, making the sourcing process a lot smoother,

With a 8000 Sqm factory, 175 machines, 8 production lines and a dedicated and efficient workforce of 220+ people, Axen Apparel is ready for every challenge headed its way.

WHY AXEN?

Design Solutions:

No ideas? No design? No Problem. Our Creative Team will work with you every step of the way to help design exactly what you need.

Quality:

Nothing to say here. Our vast experience and a happy clientele does the talking for us. But don't take anyone's word for it. Order a sample and see it for yourself.

Factory Capacity:

8000 Sqm

8 Production Lines

220+ Employees

100,000 pcs per month

BSCI, Sedex, GOTS, ISO 9001 and REX Certified

Ethical & Fair:

Workplace safety, security and environmental requirements of international standards are all adhered to with extreme passion and discipline at Axen Apparel, certified by Sedex.

Communication:

Good communication is paramount to any business transaction. And we're excellent at it. What this means for you is what every buyer wants: Hassle free sourcing.

Client Reference:

Detailed references can be provided on request.
